

INFANT IV LEG

(GEM ID- 5116877-98933137526)

KEY FEATURES

REALISTIC SKIN : Crafted from premium silicone, our simulator replicates an infant's skin, providing a truly lifelike tactile experience.

EXCEPTIONAL DURABILITY : Designed to withstand repeated needle insertions without leakage, ensuring a long-lasting training tool.

PRECISE VENOUS ANATOMY : With anatomical accuracy, it includes small saphenous veins, great saphenous veins, the dorsal venous arch of the foot, and tributaries.

PALPABLE VEINS : Trainees can feel the veins under the skin, enhancing the realism of the experience.

REALISTIC COLOUR : Veins feature true-to-life colouring, adding authenticity to training scenarios.

LEARN VEIN STABILIZATION : Learners must use various hand positions to prevent rolling of veins during practice, ensuring better skill development.

DIVERSE SKILL LEVELS : Choose from two simulator legs, one with a DIVA score of 2 and the other with a more challenging DIVA score of 4.

TRANSILLUMINATION CAPABLE : Utilize the transillumination test for optimal vein visualization.

AUTHENTIC FEEDBACK : Trainees experience realistic resistance as the needle touches the vein, with a noticeable give-away sensation upon entry into the vein cavity.

VERSATILITY UNLEASHED : Our simulator allows practice for venipuncture, IV cannulation, IV medication administration, and IV fluid administration.

COMPATIBLE WITH ALL INTRAVENOUS DEVICES OF SIZE 24 AND 26G.

(DISCLAIMER - Medical training should be supervised by qualified professionals.)

REVOLUTIONIZING MEDICAL TRAINING WITH CUTTING EDGE **SIMULATORS.**

The company is a pioneering startup that is reshaping the future of medical education and training through the development, manufacturing, and deployment of state of the art medical simulators. It is founded by the experts in the field of engineering and medicine with a focus on innovation in education and training.

In the ever - evolving landscape of healthcare, continuous education and training for medical professionals, Our motto is to ensure the highest standards of medical training.
