

Adult Arterial Arm

A realistic, life-like Advanced Adult Arterial Arm that can accurately simulate arterial puncture at radial and brachial sites across all levels of training. Our Arterial Arm has accurate arterial anatomy of an adult.

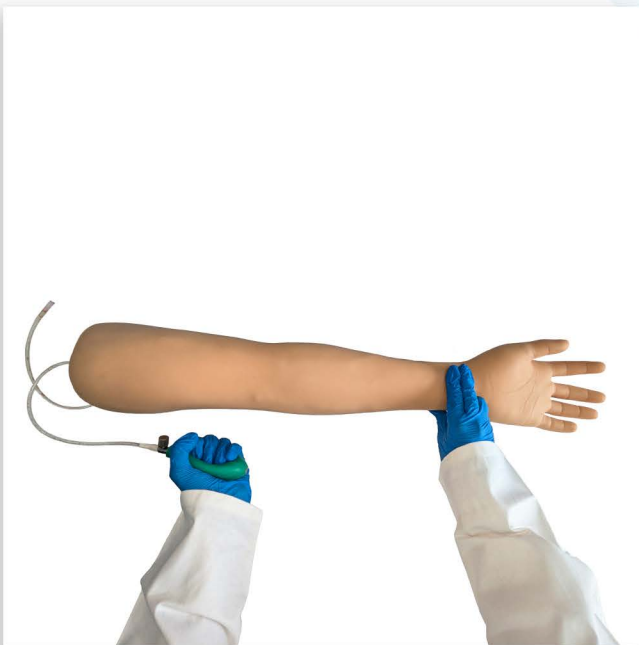

Features

- Made of high-quality medical grade silicone, to provide touch and feel of actual human skin.
- Odour free and easy to clean.
- Durable materials that mimic human tissue for a lifelike feel.
- Multiple pricks at the same spot with self-healing capabilities.
- Palpable pulses at the brachial, radial and ulnar arteries (manual).
- Flexible wrist enables proper positioning while performing various functions/tests.
- Arterial veins structure during any kind of wrist movements.
- Realistic give-away sensation when needle penetrates the arterial cavity.

Skills Gained

- Proper Management and Communications skills when doing an arterial puncture.
- Performing arterial punctures accurately and safely to collect arterial blood samples.
- Practice identifying the correct sites for arterial puncture positions.
- Understand and practice the sterile procedure during Arterial procedures to prevent infections in a real scenario.

REVOLUTIONIZING MEDICAL TRAINING WITH CUTTING EDGE SIMULATORS

Maverick Simulation Solutions Ltd. is a trusted medical simulation company advancing healthcare education through the design, manufacturing, and deployment of state-of-the-art simulators. Led by experts across engineering and clinical domains, we deliver innovations that measurably improve training quality, learner competency, and patient safety.
